Study tour to the Inter-American Commission on Human Rights

Washington, USA - 25 October – 3 November 2010

On the 25 October – 3 November, 2010, our Malaysian Women's Caucus member, Lee Shook Fong joined the delegation for NGOs working on ASEAN advocacy on a visit to the Inter-American Commission on Human Rights (IACHR) in Washington, USA. The study tour was facilitated by FORUM-ASIA and Freedom House.

In this tour, Lee Shook Fong had the opportunity to participate in the IACHR public hearings. During the session, participants observed the proceedings, met with commissioners, special rapporteurs of the commission as well as NGOs engaging with the commission. Meetings with state department officials, people from the US Senate, Tom Lantos Human Rights Commission and US NGOs were also arranged.

The study visit provided an opportunity to develop awareness and understanding on the functionality and procedures of Human Rights Commissions, as well as to build advocacy skills which can be used to influence the ASEAN processes. These experiences will be documented and shared with other Women's Caucus members.

"I gained extensive knowledge on the historical developments of IACHR, civil society engagement with IACHR and comparative analysis of IACHR and AICHR. It was inspiring to learn that the civil society played an instrumental role in the developmental process of the IACHR into a more effective mechanism in promoting and protecting human rights in the region. I intend to share what I have learned from the trip with Women's Caucus members at the next strategy meeting."

Meeting on Human Rights Implications of the ASEAN Community Blueprints
Bangkok, Thailand
27 October 2010

The Women's Caucus was invited by the Working Group for an ASEAN Human Rights Mechanism to participate in the discussion on Human Rights Implications of the ASEAN Community Blueprints, held in Bangkok on 27 October, 2010. The objective of the meeting was to discuss and analyse the three ASEAN community blueprints to concretely identify their impacts on the human rights of the peoples of ASEAN.

Wanee Bangrapha (WC Thailand) Braema Mathi (WC Singapore), Kate Lappin (APWLD) and Audrey Lee (IWRAP AP) represented the Women's Caucus. The participants were divided into the three ASEAN Community Blueprints depending on the relevance of their NGO or advocacy to the blueprint. This meeting enhanced the Women's Caucus members' analytical skills to examine the ASEAN community blueprints and to better equip members to meet with the ACWC or other ASEAN human rights bodies.

Following this meeting, there will be a dialogue session among ASEAN stakeholders including government and civil society, on how the identified human rights issues and concerns in the first discussion could be addressed vis-à-vis the interests of the ASEAN Member States.

Women's Caucus Strategy Meeting
Hanoi, Vietnam
23rd September, 2010.

Participants at the meeting included 29 women's human rights activists from 11 countries in Southeast Asia, including Brunei Darussalam, Burma, Cambodia, Indonesia, Lao PDR, Malaysia, the Philippines, Singapore, Thailand, Timor-Leste and Vietnam.

This strategy meeting enabled the Women's Caucus to review their initiatives on ASEAN-related advocacy activities taken at the national and regional levels, to share lessons learned from those activities, and to discuss their priorities and future activities. The Women's Caucus also explored ways to consolidate their movement at the national and regional level as well as their internal functioning and mechanisms. They also discussed their priorities and activities on ASEAN for 2010–2012, including the immediate advocacy strategies to be applied at the APF VI.

At this meeting, the Women's Caucus work plan was developed for September 2011 – 2012.

Women's Caucus Scarves

Our Women's Caucus scarves were produced by a workers' collective, Dignity Returns, in Bangkok. The scarves were worn by our Women's Caucus members at the APF VI. The bright green colour of the scarves increased the visibility and profile of the Women's Caucus in the public arena which were missing in the past. The scarves also built solidarity within the Women's Caucus and with other individuals who support women's human rights. This was the first time that the caucus has displayed a unified visual identity, and was a step towards developing a group logo.

About the SEA Women's Caucus on ASEAN

The Women's Caucus represents an extensive network of women's human rights groups from 11 different countries in Southeast Asia.

Since 2008 we have been bringing together women from the Southeast Asia region and providing a platform for them to share information, build expertise, support collective advocacy and provide a strong, coherent voice to women.

The Women's Caucus strategically and positively engages with ASEAN to influence its processes, decisions, instruments, policies and structures in order to achieve the full realisation of women's human rights in Southeast Asia. The Women's Caucus also collaborates with the National Human Rights Institutions (NHRIs) and civil society networks.

The Women's Caucus has identified 5 key priority issues for women in Southeast Asia including, migration, violence against women, economic rights, political participation and discrimination in laws, policies and practices.

Info-video on ASEAN

The Malaysian members of the Women's Caucus produced an English-language animation info-video on ASEAN. The 5 minute clip gives an overview of the ASEAN human rights bodies (ACWC, AICHR and ACMW). The clip can be viewed on YouTube:

<http://www.youtube.com/watch?v=wKe8xuOT9jw>

The clip has been used as a tool to raise awareness and strengthen NGO understanding of the ASEAN human rights bodies and the role of Women's Caucus. It was shown at the September Strategy Meeting and at various NGO consultations on ASEAN. The video has received positive responses from other Women's Caucus members and NGO partners, a number of whom have requested copies and suggested that the video be translated into their national languages. APWLD and Malaysian Women's Caucus members are examining options for translating the video into Southeast Asian national languages.
